

数据转接线 Data adapter cable

型号 Model

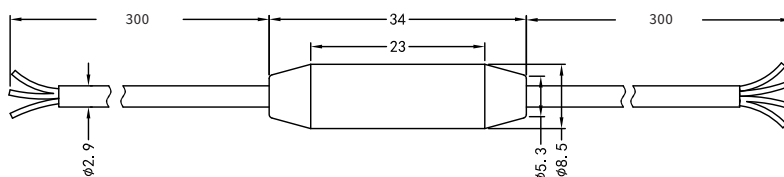

|                         |         |
|-------------------------|---------|
| NPN 转 PNP<br>NPN to PNP | DAC-N2P |
| PNP 转 NPN<br>PNP to NPN | DAC-P2N |

技术参数 Technical parameters

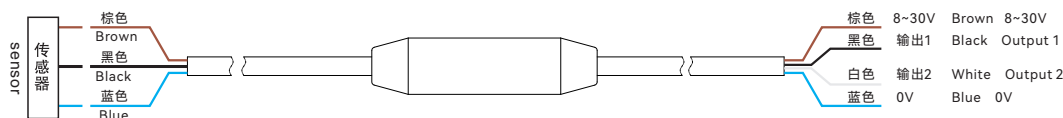

|                               |                             |
|-------------------------------|-----------------------------|
| 电路保护<br>Circuit protection    | 极性保护<br>Polarity protection |
| 工作温度<br>Operating temperature | -20℃~60℃                    |
| 存储温度<br>Storage temperature   | -40℃~85℃                    |
| 输入电压<br>Input voltage         | 8~30V                       |

|                             |        |
|-----------------------------|--------|
| 负载电流<br>Load current        | ≤150mA |
| 残余电压<br>Residual voltage    | ≤1V    |
| 开关频率<br>Switching frequency | ≤5KHz  |
